

Welcome to Nourish!!!

Nourish is a schools service which provides, not only hot meals to school children around the county, but also encourages a healthy approach to pupil's development, both physically and academically. This service is managed by Student Services, Northamptonshire County Council.

Nourish was created as an enabler and provider to ensure that every school has the opportunity to offer their pupils access to hot, healthy nutritious meals.

Research suggests providing a child with a healthy lunchtime meal can increase performance and enhance their learning abilities in the afternoon. We want to harness this fact and take this opportunity to provide high quality, nutritionally balanced meals to enable this positive effect.

We give the school community the opportunity to enjoy a good value for money, healthy, nutritionally balanced meals served by caring and well trained staff. Nourish staff will help motivate children to make healthy lifestyle choices.

We want everyone to be able to have access to our service, and as such we actively encourage anyone who is eligible to apply for a free school meal. You can apply by text message, on-line or paper application.

- Text: Text 'FSM' followed by your full name, date of birth, National Insurance Number or Asylum Seekers Support Number, your children's names and school's to 60622
- Website: www.northamptonshire.gov.uk/freeschoolmeals
